THERE'S NO STOPPING WEATHER GUARD®

Even the best can get better. That's why we keep pushing our engineers to top themselves. And so they have. Now our class-leading WEATHER GUARD® Hi-Side Truck Boxes deliver even greater protection. From the elements. From vandalism. New WEATHER GUARD® Hi-Sides are built to outlast the competition, just like you—hard-working construction pros. Skilled tradespeople. Field service and municipal workers who need quick access to valuable tools, equipment and parts while keeping the truck bed open for supplies. You never stop. Neither do we.

INTRODUCING NEW FEATURES

NEW BOX GUTTER DESIGN

This WEATHER GUARD® exclusive design feature channels rain and snow off of the box to keep contents dry—and with the full weather seal, greatly improves weather resistance on taller Heavy-Duty vehicles.

DRILL-RESISTANT LOCK CORE

Tools and equipment are better protected from theft and vandalism. Shutter keeps moisture out of the lock.

TOP-MOUNTED REMOVABLE PARTS BIN

Keep small parts, such as fasteners and components, organized and secure inside the box.

ADJUSTABLE TOOL-LESS QUICK-RELEASE DOORS

Each door adjusts from 90° to 180° for unrestricted access to tools and equipment. Heavy-Duty stainless steel aircraft-type cables with QuickClips unhook from the door or top of box for easy access without tools. Especially helpful on taller heavy-duty vehicles.

ATTACHMENT POINT

New attachment point has been added to the rear of each Hi-Side Truck Box for securing tools and supplies in the truck bed.

STEEL BOXES

HI-SIDE STEEL BOXES

Available in BRITE WHITE ARMOR TUF® Powder Coat. All steel boxes are constructed using heavy-gauge steel. Heavy-gauge aluminum is used for the doors and reinforcing channels. All boxes are backed by an exclusive Limited Lifetime Warranty.
